Ice Famine in Clay City.

There is an ice famine in Clay City, and too during the hottest weather of the season. This has put us to thinking. If all the factories in Mt. Sterling, Winchester and Lexington can't supply their home trade and furnish the towns on the L. & E., why not there be a plant located at Clay City. We have an abundance of water surrounding us, water which is always pure and fresh. A plant located here could supply the home consumption and all points up the road at all times, and would have the advantage over the other plants in the way of freight. Some of our capitalists who have so much idle money, should investigate the profit and we feel sure they will find it a profitable one.

McDanell-Groves.

James McDanell, of Warsaw, and Miss Mayme Groves, of this city, were married at the home of the bride's mother, Mrs. Lou Groves, Wednesday, August 22, the Rev. R. A. Irvin officiating. Mr. McDanell is Supt. of schools of Gallatin county, while Miss Groves is a well known school teacher of this county, but has

been teaching at Warsaw the past school term.

Work to Begin Oct. 1st.

The date now set apart to begin work on the Stanton cement plant is October 1st this year, and we are assured that work will begin on that date. The capital involved is \$500,000 00 and when the plant is completed it will be in position to compete with the other large plants of its kind. We have some faith in this last report and believe now that the plant will be put in, and if it is, it will certainly mean much for the grand old county of Powell and Stanton especially.

Drink "WAINSCOTT'S POP."

Big Crowd in Town.

Saturday a large crowd came to town to see the Colorado Grant's Wild West show. The people were somewhat disappointed as they failed to reach here in time to exhibit in the afternoon, but they showed at night to an overflowing tent full of people. The show was different from what was ever exhibited in this city, and was highly enjoyed by all present. They had some exceptionally intelligent animals and their rifle and pistol shot could not be excelled.

Died at 100 Years.

"Aunt" Peggie Robinson died at the home of her daughter, Mrs. Role Hendricks, near this city Friday Morning, aged 100 years or over. "Aunt" Peggie has been twice married, first to a Harrison and last to a Robinson. She leaves two living children. Mr. Harrison, of Confederate Veteran fame is a son of "Aunt" Peggie's. Her maiden name was Shimfessel, sister to Mr. A. Shimfessel, a leading citizen of Hardwick's Creek, now 93 years. Deceased was buried at the Wells graveyard on Hardwick's creek Saturday afternoon.

Powell Jurors All Right.

The eight Powell boys impaneled on the jury last week trying the French, Abney and Smith cases at Beattyville, in their actions arose above suspicion. Seven of them being for conviction and one for acquittal. We believe every juror from this county acted honestly in making their decisions and would have believed the same had their decision been different. Three of the Lee county jurors helped to hang the jury.

The Republican primary in the Eleventh district Saturday was full of fraud and shortage of ballots, as alleged by members of the party. D. C. Edwards, the incumbent, won the nomination.

SPOUT SPRING.

Asa Todd made a business trip to Winchester Wednesday.

Mrs. Belle Burgher is visiting her sister, Mrs. George W. Lewis, near Pilot View, Clark county.

Edward and Robert McIntosh and David White are visiting friends and relatives near Winchester.

Zade Hodgkin, of Clark county, has bought several head of cattle from various persons in this community.

J. W. McKinney, of Lexington, who has been here several days buying cattle, returned home Tuesday.

Pastor B. F. Wright has just closed a protracted meeting with his church at Log Lick. Elder H. T. Brown, of Lexington, assisted him. Twenty-four additions to the church crowned the efforts of the ministers, and the church is greatly revived. The ordinance of baptism was administered Sunday to fifteen of the new converts.

Beware of Ointments For Catarrh That Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price, 75c. per bottle.

Take Hall's Family Pills for constipation.

Trip to Niagara Falls.

The Niagara Falls are situated on the Niagara river between the U. S. and Canada. The Niagara river is a short stream 30 miles long, being the outlet for Lake Erie to Lake Ontario. I thought the water above the falls would be smooth, but not so, the channel for two miles above the falls is very rough, has a steep descent with many big rock and small falls before it reaches the main cataract of 160 feet. The Goat and Sister Island is just above the falls. The stream that flows on the left side of this island, makes the American Falls. Little stream flows further to the

right makes the Falls of the Cave of the Wind. And still further to the right is the Canadian or main Horseshoe Falls where the water is said to be always 20 feet deep, and where it pours at this point there can always be seen a rainbow when the sun shines. The water where it pours over here looks two different colors—blue and green. On top of the falls on the banks where the water doesn't flow, is a three rail iron fence to keep visitors from falling over, with many sign boards which reads, "danger," "go slow," "don't venture in dangerous places" and etc. The banks below the falls for miles are so steep that you can not get down to the water's edge only where man has made a way to get down. There is an incline that runs down to the water's edge. Just below the falls, the current of the river flows to the Canadian side that causes an eddy water on the American side. It is here the little boat called "Maid of the Mists" that runs just below the falls. On this boat you can go within 30 yards of the fall, but you have to have on a gum suit to keep you dry as the mist will wet you like rain. You need not undertake this ride unless you have a big heart, and a good head, steady nerve. The rapids are about one mile below the falls. Here the water comes to the surface of the stream, and this force with the great descent of the stream causes the water to get into so many shapes. One billow after another; one wave after another, then slosh to the bank throwing sprays 20 feet high for four miles. I haven't words to express how many shapes this water gets into nor how swift it flows. Never has anything yet been able to swim it. A Mr. Ramsey was going to try to swim the rapids the first Saturday in August, but don't know how he came out. I am quite sure if he did he will never try it again.

The channel of the river below the falls in the foundation of the world seems to have sunk down 160 feet. The banks are so steep they are perpendicular and for miles down the river you cannot get to the water. The land both below and above the falls are as level as can be, just the channel seems to have sunk down.

They have three suspension bridges across the river below the falls. On the American side of the river they have made a side cut on the bank of the river and have built near the water's edge the George Electric car route down to Lewiston on Lake Ontario. On the Canadian side at the falls they have a power house. In this power house at the edge of the falls they have sunk a shaft 100 ft deep, then they have tunneled back under the edge of the falls 800 ft. This tunnel is lit up with electric lights. In order to reach this tunnel they put you in an elevator and let you down the 100 ft, then you can go back the 800 ft and look at the river flowing over you, which is said to be 20 ft deep. In the tunnel are four places where you can see the river.

There is only one way for you to know the greatness grandeur and beauty of the falls, and that is to visit it personally. And I would say to any body that loves the beauty of nature it would richly pay them to make a trip to the falls, and when you come back you will surely say it is one of the seven wonders of the world.

Niagara is a nice little town of

20,000 inhabitants, has good hotels and police officers.

W. E. Heflin.

Mrs. Sylva Russell, principal Stanton Graded School, is visiting relatives in the city.

Dr. Bertram Smith, the "Old Reliable" Powell County Dentist, will be at his Clay City office August 1st and remain one month.

Why patronize beginners when you can get the service of a Dentist of nearly 16 years experience. Clay City has another case of 16 to 1, and Bryan says 16 to 1 is not the issue this year. A word to the wise is sufficient.

OUR BIG CLUBBING OFFER.

By special arrangement with the Southern Agriculturist, the popular semi-monthly farm paper of Nashville, Tenn., we are able to give our readers the advantage of a clubbing offer which we believe is the most liberal ever made by any newspaper in the South.

In the first place, we will send the TIMES and Southern Agriculturist a whole year to any new or old subscriber who pays us 60c.

This great semi-monthly farm paper goes twice every month into 50,000 southern homes, and the regular price is 50 cents a year. It is edited by southern men and women to suit southern conditions, and is just what our farmers need. It answers free of charge any question a subscriber may ask, and its advice is given in a plain, practical way which any farmer can understand. All departments of farm life are covered, including delightful home and children's pages. Sample copies at this office.

BEAUTIFY YOUR HOME WITH Kinloch PAINT

READY TO MIX NOT READY MIXED

Important Memorandum—The painter at the most important factor in painting. A job completed by a good painter with the best quality of paint, costing say \$50.00 (\$40.00 labor, \$10.00 paint) will last five years. The same paint applied by a dealer (\$20.00 labor, \$30.00 paint) will last only two years. Thus the "per-year cost" at the good painter's job is \$12.50—the poor painter's \$25.00.

A small investment in paint adds greatly to the value and beauty of your property and makes you a "good neighbor" by making a good neighborhood. Good painting is one of the best investments and pays big returns in improved values. It's a saving, not an expense. But when you paint—buy only

Kinloch HOUSE PAINT

There's one indisputable reason why, a reason every honest painter will acknowledge—"The Oil is the Life of Paint," and the sure way to get good oil is to buy it fresh and pure from the dealer's barrel, not from the ready-mixed paint can. The paint that is ready to mix with linseed oil, gallon for gallon, is KINLOCH PAINT, and we recommend its use for every good reason we know.

LOCAL BREVITIES.

Thos. Wilson of Campton, was in the city Tuesday.

J. R. Witt, of Irvine, was here Tuesday a short while.

Miss Ethel Blair, of Morehead, is visiting her sister, Mrs. A. T. Whitt.

George W. Lewis, of Pilot View, was here Saturday on business.

At Clay City all the week of August 20—Dr. W. O. McIntire, the Dentist.

Dr. Littlepage and sons, George and Gwyn, are visiting relatives at Lawrenceburg.

Mr. and Mrs. John W. Elkin, of Sams, were here Monday having some dental work done.

Geo. W. Lyle, Jr., the Furnace merchant, was transacting business in the city Monday.

The little one-year-old son of Mr. and Mrs. H. C. Warmouth has been quite sick this week.

The city school will begin Monday week, so get your books ready and put your studying cap on.

Now that crops are finished a good many farmers are now hauling in ties. The market continues good.

Dr. W. O. McIntire, Dentist, will be in Clay City to practice his profession all of the week beginning August 20.

After a very pleasant visit of about four weeks to relatives Mrs. J. Hermna Obst and little son, Irvin, have returned to their home at St. Louis.

R. W. Garrett has sold his farm on Hardwick's creek to Clarence Estes, of Miller's Creek for \$2400 cash. Possession November 1st, when Mr. Estes will move to the farm.

J. R. Barr, general manager L. & E. road, died at Lexington Saturday. Mr. Barr had held his position since 1897 and was held in highest esteem by all employees of the road.

The hottest weather of the summer has been experienced this week, Sunday and Monday being the hottest days. The thermometer raised to 96 degrees in the shade Monday about 2 o'clock.

A host of Powell county people were in Mt. Sterling Monday transacting business. Mt. Sterling continues to get a lot of trade from this section despite the fact that the railroad connections are cut off.

Kentucky Good Enough.

Talk about going to Texas and other Southern points where it gets up to 114 in the shade will just make us sweat any time. It has been too hot for us here this week and it has not been but 96. Well we'll stay in old Kentucky for awhile yet. Here it is cold enough in winter and hot enough in summer.

Rumor has it that the big saw mill recently burned in this city will be rebuilt this fall. Swann-Days are finding it a very difficult matter to obtain enough lumber to supply their large planing mill here, and it is said that the rebuilding of the large saw mill here is the only show for relief.

A Mystery Solved.

"How to keep off periodic attacks of biliousness and habitual constipation was a mystery that Dr. Kink's New Life Pills solved for me," writes John N. Pleasant, of Magnolia, Ind. The only pills that are guaranteed to give perfect satisfaction to everybody or money refunded. Only 25c at Swann-Day Lumber Co's store.

Killed Rattle Snake.

Adam Abney's wife on the head of Hardwick's creek a short time ago was out on the road with a pair of twin babies and a large Maltese cat came across a large rattle snake which the cat was wanting to attack. Mrs. Abney set the babies down in the road and killed the snake, but all the while had to hold fast to the cat to keep it from the snake. The snake had ten rattles and one button.

In Self Defense

Major Hamm, editor and manager of the Constitutionalist, Eminence, Ky., when he was fiercely attacked, four years ago, by Piles, bought a box of Bucklen's Arnica Salve, of which he says: "It cured me in ten days and no trouble since." Quickest healer of Burns, Sores, Cuts and Wounds. 25c Swann-Day Lumber Co's store.

Scarcity of Farm Labor.

On account of the scarcity of satisfactory farm help in the leading agricultural States, many farmers have been compelled to modify their practices to decrease their requirements for help. Thousands of acres have been seeded to grass, and the aggregate of investments in live stock for feeding and breeding purposes represents an enormous sum. In the middle South the negro has deserted the cornfield for city work, which is more permanent, and, as he mistakenly thinks, more profitable. In the North the difficulty of securing efficient farm labor is equally serious. Changes in farm practices are compelled by this situation. Machinery is being brought into larger use, and land owners are planning to eliminate hand labor wherever possible. Live stock husbandry is sure to expand as a result of this economic condition. History shows that when nations become old in civilization they go to grass. America is moving in that direction.

Galveston's Sea Wall

makes life now as safe in that city as on the higher uplands. E. W. Goodloe, who resides on Dutton St., in Waco, Tex., deems no sea wall for safety. He writes: "I have used Dr. King's New Discovery for Consumption the past five years and it keeps me well and safe. Before that time I had a cough which for years had been growing worse. Now it's gone." Cures chronic Coughs, La Grippe, Croup Whooping Cough and prevents Pneumonia. Pleasant to take. Every bottle guaranteed at Swann-Day Lumber Co's store. Price 50c and \$1.00. G. W. Everman and wife visited friends and relatives in Nicholas county from Friday till Monday.

Lum Johnson, of Right Angle, was here last week buying timbers for his tobacco barn. Lum said he had a fine crop of tobacco.

J. D. Groves, of Elkin, Clark county, and G. W. Curtis of Pine Ridge, visited the latter's brother, C. C. Curtis, at this place Sunday.

The sportsmen, of Bourbon county, are at the camp this week fishing and hunting and having a good time. The men that are here are Willis Goodman, Clay Gaitskill, Col. Parvin and others will be here this week.

\$25,000 in Premiums.

Twenty-five thousand dollars in premiums and prizes will be distributed at the Big Bluegrass Fair, to be held at Lexington the week of September 17 to 22. When it was first definitely decided to hold a fair, the committee on classification arranged a program whereby about fifteen thousand dollars would be distributed among the exhibitors.

This was approximately the amount offered by the Kentucky State Fair last year, and it was believed that it would be ample to provide for the contingencies. Various departments have been added, however and the amounts for others increased until now an actual monetary value of \$25,000 attaches to the premium list. Aside from the State Fair of Texas, at Dallas, which extends over a period of two weeks, this is much the largest amount ever offered by a fair in the South. It has been so distributed as to insure excellent exhibits in every department. No one department has been featured to the detriment of any other and the result will be a splendidly balanced program and an excellent fair from every standpoint. The enterprise of the Bluegrass Fair Association in making such liberal offerings deserves highest commendation.

Mt. Sterling will hold two local option elections Sept. 19.

This is unusual but two petitions were filed and two elections will be held to answer each one.
